NOTE:

- ☞ This is the timetable of courses held in English within our Master Degree Courses held in Italian
- ☞ Lectures will start on March 2nd, 2015
- ☞ Lecture halls are located in Via Venezia 12, *Psicologia 2 building* (the grey one)
- ☞ To simplify your choice , courses have been organized in two profiles:
Pink shaded: mainly focused on cognitive psychology and neuroscience
Grey shaded: mainly focused on social psychology
- ☞ Erasmus+ Incoming students are free to attend any courses from both profiles
- ☞ Apart from the English-taught courses, also for several of our Italian-taught courses in Psychology the possibility is offered to international students (upon request to the professor) to use study material and/or to be examined in English or other languages (for more information please check: www.psicologia.unipd.it/en/erasmus-and-international-students).

Think twice if you really need to print. If necessary, make sure you print on both sides, this is an easy way to reduce paper consumption by half.
